Information Notice

This notice pertains to Short Term Vacation Rentals (STVR). The Mayne Island Local Trust Committee (LTC) would like to clarify that STVR's are not a permitted use on land other than in Commercial Accommodation zones within the Mayne Island Trust Area. STVR's are the rental of your residence to others for short periods of time (less than 30 days). STVR's typically provide temporary accommodation to visitors whose residence is elsewhere, such as renting out a house to visitors on a daily or weekly basis. Zones that allow a residential use, permit dwellings to be used as a place of residence for a household or family and not for short term rental.

For more information about STVR's, please contact your local trustees or Islands Trust staff.
